### MINUTES OF THE FISCAL POLICY COMMITTEE OF VISTA IRRIGATION DISTRICT

### May 10, 2021

A meeting of the Fiscal Policy Committee was held on Monday, May 10, 2021, at the offices of the District, 1391 Engineer Street, Vista, California.

### 1. CALL TO ORDER

Chair Sanchez called the meeting to order at 2:00 p.m.

### 2. ROLL CALL

Directors present: Chair Sanchez and Director Miller

Staff present: Brett Hodgkiss, General Manager; Frank Wolinski, Director of Operations and Field Services; Randy Whitmann, Director of Engineering; Marlene Kelleher, Director of Administration; Don Smith, Director of Water Resources; Shallako Goodrick, Finance Supervisor; and Lisa Soto, Board Secretary. Ramae Ogilvie, Administrative Assistant, was also present telephonically.

### **3.** APPROVAL OF AGENDA

The agenda was approved as presented.

### 4. ORAL COMMUNICATIONS

There were no members of the public present.

### 5. DRAFT FISCAL YEAR 2022 BUDGET

See staff report attached hereto.

General Manager Brett Hodgkiss presented an overview of the Fiscal Year (FY) 2022 Budget. He noted that the draft budget projects water production (16,800 acre-feet) and water sales (15,800 acre-feet) to decrease by about 0.5% respectively from the prior fiscal year; local water production is projected at 3,115 acre feet based on a 10-year rolling average. The Revenue Budget is projected to increase by 2.5%; the Operating Budget is projected to increase by 17.5%; and the Capital Budget is projected to increase by 21%. As a result, approximately \$8.8 million of the District's reserves will be used to fund the FY 2022 Budget.

Mr. Hodgkiss stated that the Revenue Budget is projected to increase by just over 2.5% primarily as a result of the inflationary adjustment made to the service charge effective July 1, 2021 as well as an increase in System Fees revenue related to new development. He added that the Service Charges/Fees budget also projects late fees being collected beginning at the start of the new fiscal year and door hanger and delinquent lock fees being collected beginning January 1, 2022. Mr. Hodgkiss also noted the downward trend in Investment Income due to lower interest rates as a result of the economic impacts of the COVID-19 pandemic.

In reviewing the Operating Budget, Mr. Hodgkiss stated that the projected 17.5% increase is largely due to the inclusion of \$8 million for San Pasqual Undergrounding Project (Project) costs. He stated that the balance of the increase in the Operating Budget is due to higher costs for purchased water and adjustments to labor related costs in accordance with current labor agreement. Mr. Hodgkiss pointed out that the Travel budget has been increased in anticipation of in-person conferences and meetings resuming. He explained that the increase in the Consultants budget is for costs associated with conducting a dam spillway assessment and developing specifications for cleaning of wells, and the increase in the Insurance budget is the result of higher liability premiums due to increased losses by the District.

Mr. Hodgkiss reviewed the Capital Budget stating that the 21% increase is due to the inclusion of deferred capital outlay/projects from FY 2021 Budget in the FY 2022 Budget. He stated that approximately \$3.5 million of the Capital Budget is for deferred capital outlay/projects from FY 2021 and approximately \$3.5 million is for new capital outlay/projects.

The Committee inquired about the request for an Asphalt Roller for Field Services and a Boat for Water Resources. Director of Operations and Field Services Frank Wolinski explained that an asphalt roller would increase productivity and better compact cold-mix asphalt, producing a smoother and safer driving surface. Director of Water Resources Don Smith stated the boat would be used for lake projects such as water quality sampling, maintenance, lake monitoring and setting buoys; it is not designed for chemical treatment for Harmful Algal Blooms; he noted that District staff currently borrows a fishing boat from the concessionaire for lake projects and sampling.

Mr. Hodgkiss reviewed the Capital Projects list remarking that the Main Replacement Program will be ongoing and included in the Capital Budget for years to come, noting that the District will always have pipe reaching the end of its useful life and in need of replacement to maintain service reliability. He stated that the District replaces about two miles of pipe a year as part of the Main Replacement Program; this fiscal year's budget request is for \$2.5 million.

Director Miller inquired as to how the District will be funding projects, like the Vista Flume Rehabilitation project, in the future. Director of Administration Marlene Kelleher stated that the District is currently working with a financial consultant on evaluating funding alternatives that may be available for the Vista Flume Rehabilitation project; similar evaluations will need to be performed for other large-scale capital projects.

Mr. Hodgkiss stated the organizational charts and division descriptions had been updated to reflect the Board's request to condense the overview of the organization. He pointed out that a history of total budgeted positions had been added to the division descriptions page.

Chair Sanchez requested that the FY 2022 Budget Preparation Principle/Considerations be the first attachment in to the staff report when the budget is presented to the Board.

The Committee recommended that the FY 2022 Draft Budget, including increasing the scholarship budget from \$6,000 to \$10,000, be presented for Board consideration at its June 2, 2021 meeting.

Chair Sanchez thanked Ms. Kelleher, Finance Supervisor Shallako Goodrick and staff for their hard work on this year's budget. Director Miller complimented staff on their hard work and for presenting a very comprehensive budget.

Mr. Hodgkiss thanked staff for their hard work on the FY 2022 Budget.

### 6. COMMENTS BY COMMITTEE MEMBERS

None were presented.

### 7. COMMENTS BY GENERAL MANAGER

None were presented.

### 8. ADJOURNMENT

There being no further business to come before the Committee, at 3:00 p.m. Chair Sanchez adjourned the meeting.

Patrick Sanchez, Chair

### <u>SUBJECT</u>: DRAFT FISCAL YEAR 2022 BUDGET

<u>RECOMMENDATION</u>: Review draft Fiscal Year 2022 Budget.

<u>FISCAL IMPACT</u>: The draft Budget projects revenues of \$54,862,900, operating expenses of \$56,673,700 and capital outlay of \$7,024,000. Revenues are projected at nearly \$1.4 million more than the previous year's budget; operating expenses are about \$8.4 million higher than in the previous year's budget primarily due to the planned expenditure of \$8 million for the San Pasqual Undergrounding Project. Capital outlay is \$1.2 million higher than in the previous year's budget. As a result, just over \$8.8 million of the District's reserves will be used to fund the Fiscal Year 2022 Budget.

<u>SUMMARY</u>: The draft Budget projects water sales of 15,800 acre feet; 13,685 acre feet of water is projected to be purchased from the San Diego County Water Authority and 3,115 acre feet of local water is projected to come from Lake Henshaw. Local water production is budgeted based on a 10-year rolling average.

The Revenue Budget is projected to increase by just over 2.5% as a result of inflationary adjustments made to water rates and charges. The Operating Budget is projected to increase by 17.5% largely due to the inclusion of San Pasqual Undergrounding Project costs.

The Capital Budget is projected to increase by 21% to \$7,024,000. Approximately 96% of the Capital Budget is designated for necessary water-related and infrastructure improvement projects; the majority of other Capital Budget items are vehicles/construction equipment needed to support to the ongoing Mainline Replacement Program and infrastructure maintenance and repair work.

<u>DETAILED REPORT</u>: See Draft Fiscal Year 2022 Budget for detailed information regarding projected revenues and proposed operating expenses and Capital Budget expenditures.

### Vista Irrigation District BUDGET OVERVIEW Fiscal Year 2022

Vista Irrigation District's (District) 2022 Budget represents a financial plan for the next fiscal year (July 1, 2021 through June 30, 2022). This financial plan includes the cost of purchasing imported water and other costs that are essential to support the continued investment in infrastructure maintenance and repair.

The 2022 Budget projects revenues of \$54,862,900, which includes \$32,300,000 (approximately 59%) from Water Sales. Based upon the most recent conservation trends, it is projected that the District will sell 15,800 acre feet of water in fiscal year 2022. The District has considered the potential financial impacts of the COVID-19 pandemic and adjusted various revenue sources.

Operating expenses for fiscal year 2022 are projected to be \$56,673,700. Purchased Water costs represent approximately 42% (\$23,681,000) of the Operating Budget. Purchased water is the amount paid directly to the water wholesaler, the San Diego County Water Authority (CWA), to provide water to the District. The 2022 Budget estimates that the District will need to purchase 13,685 acre feet of water from the CWA. The Budget also estimates that the District will produce 3,115 acre feet of water from its local water source, Lake Henshaw. The local water production estimate is based upon a 10-year rolling average of historical production.

The Operating Budget includes \$8,000,000 for the San Pasqual Undergrounding Project (Project), which will remove, relocate and replace about 2.5 miles of the Escondido Canal that cross the San Pasqual Indian Reservation. The Project is a requirement of the San Luis Rey Indian Water Rights Settlement Agreement, and the cost is to be borne equally by the City of Escondido and the District. The budget represents the projected Project expenses in fiscal year 2022 only; additional Project costs, estimated at \$14,000,000, will be included in future budget(s).

The Capital Budget for fiscal year 2022 is \$7,024,000. Of this total, approximately 96% (\$6,756,500) has been designated for necessary water-related and infrastructure improvement projects.

#### **OPERATING ACCOUNT DESCRIPTIONS** 2019 2020 2021 2022 Actual Actual Budget Budget Account Group: Insurance Account Number: 7731 \$385,026 \$110,882 \$207,000 \$301,500 This account group includes liability, property and dam insurance from the Joint Powers Insurance Authority (JPIA). The increase in the budget is due to an increase in liability premiums as a result of increased losses by the District. 2019 2020 2021 2022 Budget Budget Account Group: Communications Actual Actual Account Number: 7741 \$51,755 \$49,025 \$54,300 \$53,000 This account group includes the costs of: telephone service, SCADA/telemetry communication service, radio system, Internet service, cellular phones and pagers. 2020 2019 2021 2022 Budget Actual Actual Budget Account Group: Uncollectible Accounts Account Number: 7751 \$11,955 \$34,598 \$100,000 \$106,000 This account group represents bills that cannot be collected by the District or its collection agencies and are therefore written off. The budget includes \$87,000 for uncollectible water bills and \$19,000 for uncollectible damage to District property. Uncollectible water bills estimate is continuing to use the average actual expense 2008-2011 from the last recession as COVID-19 is expected to continue to effect collectibility. 2019 2020 2021 2022 Actual Actual Budget Budget Account Group: Burden Allocation Account Number: 7799 (\$1,363,958) (\$1,257,841) (\$1,406,000) (\$1,350,000)The District allocates overhead burden costs to pipeline installation jobs, inspection jobs, fixed fee jobs, damage claims and other small jobs. The overhead burden costs include use of equipment, warehousing, management salaries, benefits, and other

overhead expenses. This account group is a reduction (by allocation) of expenses.

Project or Equipment Information			
Title:	Edgehill (E) Reservoir and Pump Station New Item X Replacement		
Description:	Design and construction for the replacement of the Edgehill (E) Reservoir and new pump station.		
Reason for Request:	Edgehill (E) Reservoir is a 1.5 million gallon reinforced concrete reservoir constructed in 1929 and is in need of replacement. It is estimated that the new reservoir will be between 2 and 4 million gallons, depending on the site area and allowance for a new pump station. The new pump station was identified in the Master Plan and will provide a redundant feed from the Edgehill (E) Reservoir to the 837 and 984 Zones. Design has been completed and project is ready for construction. Budget request is to cover estimated construction expenditures during FY 2022.		
Asset Being Replaced (If A	applicable):		
	<ul> <li>Partial Disposal of Asset No. 2160, Reservoirs Various, Date Built: 1929, Original Cost: \$11,966, Net Book Value: \$0</li> <li>Asset No. 2169, Edgehill "E" Reservoir Modification Part I, Date Built: 6/30/1984, Original Cost: \$17,366, Net Book Value: \$0</li> <li>Asset No. 2171, Edgehill "E" Reservoir Modification Part II, Date Built: 6/30/1985. Original Cost: \$97,167, Net Book Value: \$0</li> </ul>

Project or Equipment Information			
Title:	Deodar Reservoir Rehabilitation New Item       X     Replacement		
Description:	Design and construction of repairs needed to the Deodar Reservoir.		
Reason for Request:	The Deodar Reservoir is a 1.3 million gallon pre-stressed concrete reservoir constructed in 1978. Rehabilitation efforts will replace the existing wood roof with an aluminum dome roof and include additional minor upgrades. Based on the stuctural analysis completed in 2020, siesmic upgrades are not needed. Budget request is to cover estimated design expenditures during FY 2022.		
Asset Being Replaced (If Appli	cable):		
	Partial Disposal of Asset No. 2188, Deodar Reservoir 1.3 mg, Date Built: 7/1/1978, Original Cost: \$538,355.52, Net Book Value: \$156,688.73. Partial Disposal for Roof- Original Cost: \$46,000, Net Book Value: \$13,000

Project or Equipment Information			
Title:	Caterpillar Coupler System	XNew ItemReplacement	
Description:		District's 2004 924G Caterpillar loader and general unting system on the District's side dump and rock	
Reason for Request:	The District's 2018 926M Caterpillar loader is equipped with a bucket mounting system that is not compatible with the older loader and specialty buckets the District currently owns. As new specialty buckets with the fusion coupling system range from \$18,000 to \$25,000 each; a more cost-effective solution would be to retrofit the older loaders mounting system and specialty buckets so that the specialty buckets can be used on both loaders.

### **Administration Division**

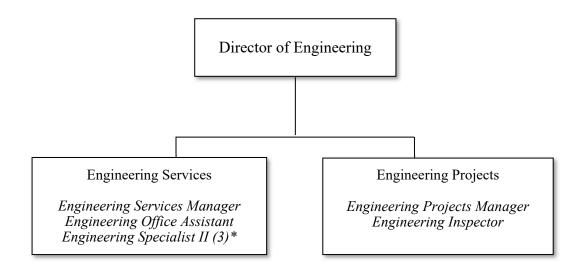

\*Number of positions with the title if more than 1

#### **Mission Statement**

The mission of the Administration Division is to provide timely, accurate and useful information to the Board, staff and public; ensure that the District is in compliance with all applicable laws, statutes and reporting requirements; to provide administrative support to all the other divisions and departments in order to help them achieve their individual missions and the overall mission of the District; and to promote a positive and safe working environment for all District employees.

### **Engineering Division**

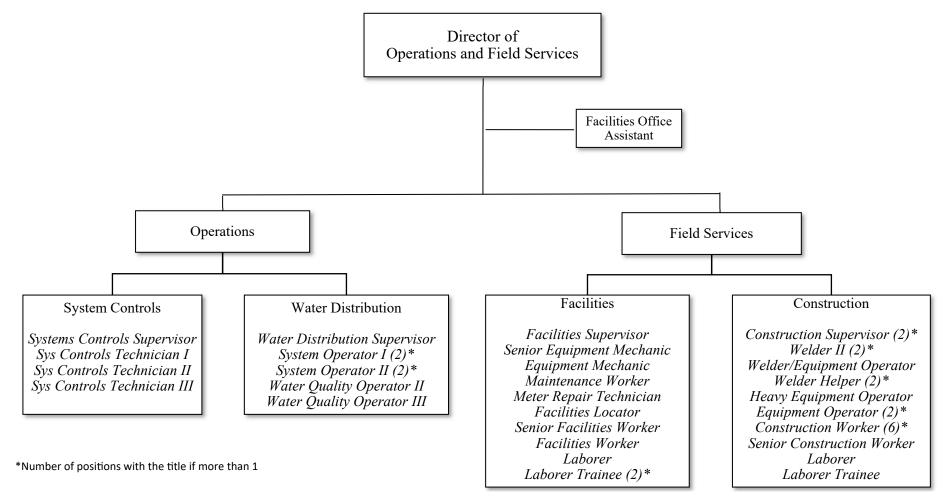

\*Number of positions with the title if more than 1

#### **Mission Statement**

The mission of the Engineering Division is to provide our customers with a reliably designed distribution system that will deliver the needed quantity and quality of water in the most economically and environmentally sensitive manner and to provide courteous and professional assistance to the public, while insuring policies of the District are followed.

### **Operations and Field Services Division**

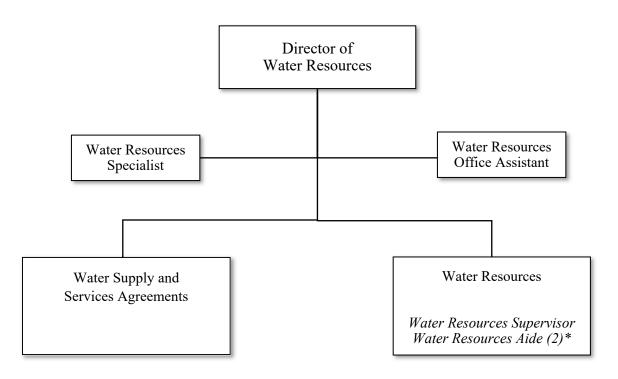

#### **Mission Statement**

40

The mission of the Operations and Field Services Division is to effectively produce, treat, monitor and distribute a safe, reliable, potable water supply to our customers throughout the District's service area; to manage and promote the cost effective and safe operation of the District's construction and maintenance activities; to operate and maintain the District's equipment and facilities in a professional and workman like manner; to provide reliability of service to our customers; to provide for a safe and efficient local water supply.

### **Water Resources Division**

\*Number of positions with the title if more than 1

#### **Mission Statement**

The mission of the Water Resources Division is to procure a safe and reliable local water supply for the District; to treat the water to standards that meet or exceed state and federal law; to cooperatively administer agreements pertaining to Local and Supplemental Water; to provide for the safety and security of the Henshaw Dam; and to conserve the resources of the Warner Ranch, including its watershed and aquifers in a cost effective and environmentally responsibly manner.

### **Fiscal Year 2022 Budget Preparation Principles/Considerations**

Below is a summary of principles/considerations that were taken into account during preparation of the Fiscal Year 2022 Budget.

#### **Revenue Budget**

- Ready to Serve Fees have been increased by \$500,000 as a result of the inflationary adjustment effective July 1, 2021.
- Penalties/Fees have been decreased \$164,000 from the Fiscal Year 2021 budget as a result of the District not charging door hanger or lock fees for the first six months of Fiscal Year 2022. The budget assumes the late fee will begin to be charged to customers beginning in July 2021.
- System Fees have been increased \$516,000. This revenue source is difficult to estimate due to the unpredictable nature of development; the budgeted amount is calculated using a ten-year average.
- Investment Income revenues have been decreased by \$249,000 from the Fiscal Year 2021 budget due lower than expected/slow recovering interest rates due to the COVID-19 pandemic.

#### **Operating Budget**

- Variable and Fixed CWA Charges have been increased by \$296,000 total based on the San Diego County Water Authority's current rates and charges.
- Wages and Benefits and Taxes were increased by \$60,000 and \$377,000 respectively. An inflationary adjustment to Wages is partially offset by the elimination of position in the Finance Section; higher Health Insurance (\$123,000) and PERS retirement (\$240,000) costs are the primary drivers of the increase to Benefits and Taxes.
- In anticipation of meetings, trainings and conferences being offered in-person as COVID-19 restrictions on gatherings ease, Travel has been increased \$17,3000
- \$8,000,000 for the San Pasqual Undergrounding Project (Project) is contained in the Contractual Services budget; since the Project is not a District asset, actual costs are expensed in the year they occur.
- Based on the District's recent experience with unpaid water bills related to the financial impacts of the COVID-19 pandemic and the last recession, Uncollectible Accounts for water billings have been budgeted at \$87,000, which is consistent with the amount budgeted for in Fiscal Year 2021. The remaining portion of the Uncollectible Accounts is related to damage claims at \$19,000.

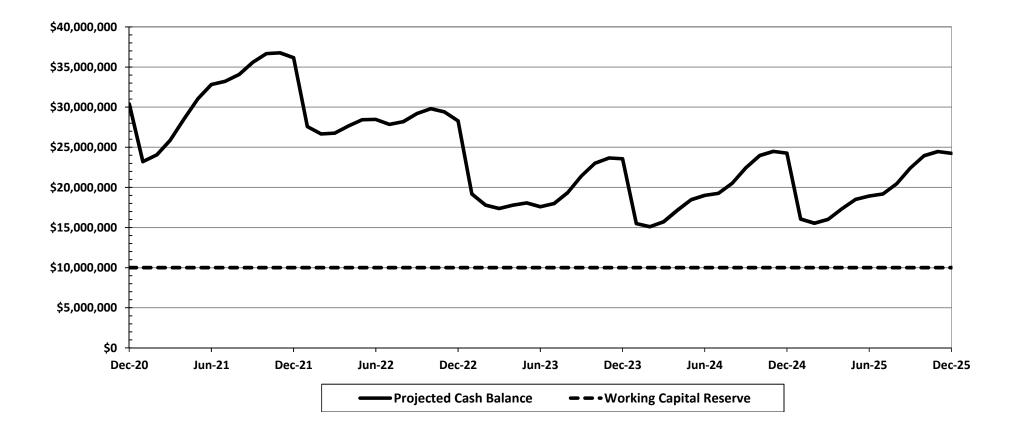

### **Capital Budget**

- Limited Capital Budget expenses were approved as part of the Fiscal Year 2021 Budget; a deferred capital project/outlay list was prepared for future consideration. All items from the deferred capital project/outlay list from the Fiscal Year 2021 Budget have been deemed necessary and are included in the Fiscal Year 2022 Budget with costs updated as necessary.
- The Capital Budget includes \$3.0 million to begin construction on the Edgehill E Reservoir and Pump Station project; it also includes \$2.5 million for the Main Replacement Program.

#### Reserves

• As previously planned, the District has budgeted the use of reserves to pay for its share (50%) of San Pasqual Undergrounding Project costs (\$8 million). The budget also includes the use of reserves (\$834,800) to pay for capital projects/outlay.
